

# Micro Boost

## Microbial Nutrient Supplement

**Micro-Boost** is formulated to supplement the microbial population within the bio-oxidation system. This additive should be used upon system start-up and if significant nutrient enhancement is needed. Use of this product will further enhance the overall performance of the bio-oxidation system and will ensure a consistent microbial population within the treatment chambers and the sump.

### Use and Replenishment:

Micro-Boost is added directly to the nutrient tank located within the pump enclosure. The additive can also be added directly to the sump. The additive should be added slowly and time should be allowed to mix between additions.

### Handling Precautions:

Harmful if swallowed. Avoid contact with eyes, skin and clothing. If on skin, wash with large amounts of soap and water. If in eyes, rinse repeatedly with clean water. If irritation persists, obtain medical attention.

Dispose of waste material according to local, state, and Federal environmental laws and regulations.

### Analysis:

Total Nitrogen (N).....	16.0%
Nitrate Nitrogen.....	2.46%
Ammoniacal Nitrogen.....	1.53%
Urea Nitrogen.....	11.96%
Water Soluble Nitrogen.....	0.04%
Available Phosphate (P <sup>2</sup> O <sup>5</sup> ).....	4.0%
Soluble Potash (K <sup>2</sup> O).....	8.0%
Chlorine (not more than) .....	1.0%

Derived from: Urea, Potassium, Phosphate, Ammonium Phosphate, Ascophyllum, Nodosum Seaweed and Menhaden Fish. Contains Amino Acids.

### Storage:

Keep container sealed tightly when not in use. Do not expose to sunlight for long periods of time. Store in temperatures between 5C (41F) and 25C (77F).

### Disclaimer:

It is recommended not to use this product with fungicides or pesticides. Do not combine this product with any other chemical compounds.

### Conditions of Sale:

Buyer assumes all responsibility for use, storage, handling and disposal of this product when not in accordance label directions. Bio-Reaction Industries and their distributor's limit of warranty extends only to replacement of defective product.
