

Bio●Reaction Industries Recognized by Oregon Entrepreneurs Forum

Bio●Reaction Industries (BRI), a leading innovator of biotechnology solutions for the pollution and odor control industry, is delighted to announce that they were recently named a semifinalist for the 2006 OEF Entrepreneurship Awards.

Hosted by the Oregon Entrepreneurs Forum (OEF), the awards are an annual celebration of the entrepreneurial spirit in action throughout Oregon and Southwest Washington. The Northwest's best and the brightest entrepreneurs are recognized in the following categories:

- OEF Development Stage Company of the Year
- OEF Working Capital Stage Company of the Year
- OEF Growth Stage Company of the Year
- OEF Entrepreneurship Award
- OEF Entrepreneurship Award for Nonprofits

BRI was nominated for the Working Capital Stage Company of the Year. The nomination process this year included the review of more than 40 selections by a judging committee, and then a selection of three finalists.

BRI was the recipient of the 2002 OEF Entrepreneurship Award for Development Stage Company of the Year.

About Oregon Entrepreneurs Forum

Originally formed in 1991, Oregon Entrepreneurs Forum is a non-profit corporation dedicated to providing opportunities for Oregon entrepreneurs and improving the business climate for emerging, growth-oriented companies statewide. The organization has more than 2,500 members throughout Oregon and SW Washington.

About Bio●Reaction Industries

Bio●Reaction Industries designs, builds, and installs bio-oxidation systems. Based in Portland, Oregon, Bio●Reaction's technology uses microbes to digest industrial and municipal odors and pollutants which eliminate the creation of NO_x SO_x and CO (greenhouse gas precursors). These advanced bio-oxidation systems provide the highest removal efficiency of any air phase biofilter technology in the world.
